

# ALBRIGHT LABORATORIES

*Technology Consulting & Venture Development*

## CAPABILITY STATEMENT

### ABOUT US

Albright Laboratories is a technology consulting and venture development firm headquartered in Fort Lauderdale, Florida. Founded by Corey Malcolm Albright, a Software Engineer and Platform Architect with over 15 years of experience at Fortune 500 companies including Capital One, Disney, Cisco, Ford, and the U.S. Department of State, we specialize in enterprise DevOps, cloud architecture, AI/ML solutions, and platform engineering. We deliver production-grade infrastructure and expert technical services to government agencies and commercial enterprises.

### MISSION STATEMENT

*To deliver enterprise-grade technology solutions that modernize government and business operations through innovative DevOps practices, cloud architecture, and AI-powered automation—creating measurable value while supporting American workforce development.*

### CORE COMPETENCIES

- DevOps Engineering & CI/CD Pipeline Design
- Cloud Architecture (AWS, Azure, GCP)
- Kubernetes & Container Orchestration
- AI/ML Solutions & GPU Computing
